

VISVESVARAYA TECHNOLOGICAL UNIVERSITY

INSTITUTIONAL FEE PAYMENT & REFUND POLICY MANUAL

SECTION 1: REGULATORY FRAMEWORK & OBJECTIVES

1.1 Constitutional Authority & Source Compliance

This statutory framework outlines the rules for fee collection, due structures, penalty metrics, and refund protocols for this Institution. This policy is written in compliance with:

- The **Visvesvaraya Technological University (VTU) Act of 1994**.
- The directive framework established by the **Government of Karnataka Fee Fixation Committee**.
- The latest **University Grants Commission (UGC)** Directives on the Refund of Fees and Non-Retention of Original Academic Certificates.
- The **Karnataka Examinations Authority (KEA)** seat assignment code.

1.2 Structural Jurisdiction & Scope

These financial mandates apply to all undergraduate (B.E., B.Tech., B.Arch.) and postgraduate (M.Tech., MBA, MCA) students enrolled at the institution. This covers all intake streams, including the Government Quota (KEA-UGCET/PGCET), ComedK Placement Quota, Management Merit Quota, and NRI/Foreign National Institutional quotas.

SECTION 2: ANNUAL COMPREHENSIVE FEE ARCHITECTURE

The overall annual operational fees levied on a student are divided into four distinct institutional categories.

Core academic	Reg/Exam/Sports	Labs/Library/	Refundable
teaching cost	statutory pools	IT Architecture	safety deposits

2.1 Tuition Fees (Base Academic Cost)

This component covers core classroom instruction, academic tracking, and programmatic execution costs. The pricing structure is set based on the seat categories approved by the state regulatory boards:

- **Government Quota (KEA):** Fees are set at the baseline rate fixed by the State Government of Karnataka.
- **ComedK Quota:** Fees follow the standardized consensus agreements signed between the consortium management and the state higher education cell.
- **Management / NRI Quotas:** Fees are determined by the Institutional Governing Council based on specialization infrastructure requirements. These fees are locked in at the time of admission for the entire four-year program duration.

2.2 University Statutory Fees (VTU Centralized Share)

Collected by the institution at admission and the start of each academic year, this entire amount is sent to **VTU Belagavi**. It includes registration fees, e-learning portal access fees, standard university sports and cultural tokens, and the mandatory student welfare fund.

2.3 Campus Amenity & Skill Development Fees

This component funds regional institutional infrastructure. It covers high-speed campus Wi-Fi networks, advanced computing laboratories, subscriptions to digital research journals (IEEE, Elsevier), active mechanical workshops, campus medical insurance, and specialized corporate placement training.

2.4 Caution & Security Deposits

A one-time deposit collected from students upon initial enrollment.

The Non-Lien Security Rule: In strict compliance with UGC and High Court mandates, the institutional caution deposit is held separately from operational fee structures. It is **100% refundable** to the student upon graduation or formal withdrawal from the course, subject to clearing all departmental dues.

SECTION 3: FEE PAYMENT SCHEDULES & PENALTY STRUCTURING

3.1 Strict Timeline Milestones

Operational fees for senior students are due annually in full. The payment window opens 15 days before the official start of the odd semester (1st, 3rd, 5th, and 7th semesters).

Late Payment Escalation Sequence

1.Phase 1: Standard Payment Window:Days 1 to 15 from Semester Inception.

Students must clear the total outstanding annual fees using the authorized digital channel (State Bank Collect / Central Portal). No extra charges are applied during this initial period.

2.Phase 2: Grace Period with Fixed Fine:Days 16 to 30 past due date.

A mandatory administrative fine of **₹1,500** is automatically added to the student's portal account. The student must pay this balance before they can access internal session tracking.

3.Phase 3: Escalated Late Fee Matrix:Days 31 to 45 past due date.

The late fee penalty increases to a fixed value of **₹5,000**. The Finance Office will issue a formal written notice to the student's registered parents or guardians.

4.Phase 4: Deactivation and De-registration:Beyond Day 45 past due date.

The student's name is temporarily removed from the active academic attendance logs. Their internal portal login is suspended, and they will be barred from sitting for Continuous Internal Evaluations (CIE) until all outstanding fees and penalties are cleared.

SECTION 4: UGC/KEA COMPLIANT ADMISSION CANCELLATION & REFUND MATRIX

If a student formally withdraws from a program, fees are refunded based on a sliding scale. This scale is determined by how much time has passed relative to the **Formally Notified Last Date of Admission** set by KEA and VTU.

4.1 The Regulatory Refund Percentage Scale

Sl.	Timeline Milestone of Withdrawal Notice	Percentage Refund of Total Fees	Institutional Retention Permitted
1	15 Days or more prior to the formally notified last date of admission.	100%	Processing charge only (Max ₹5,000 or 5% of total fees)

Sl.	Timeline Milestone of Withdrawal Notice	Percentage Refund of Total Fees	Institutional Retention Permitted
2	Less than 15 days prior to the formally notified last date of admission.	90%	10% of total aggregate annual fee pool.
3	15 Days or less after the formally notified last date of admission.	80%	20% of total aggregate annual fee pool.
4	More than 15 days but less than 30 days after the last date of admission.	50%	50% of total aggregate annual fee pool.
5	Beyond 30 Days after the formally notified last date of admission.	0%	No refund (<i>Except 100% of Caution Money</i>)

4.2 Special Exemption: The KEA Counselling Relocation Clause

If a student gains admission under the KEA Government Quota and subsequently vacates their seat because they are allotted a different college or branch in a later round of official government counseling, they are eligible for a **100% refund of the tuition fees paid** (minus a minimal statutory KEA processing fee). The student must present their new official KEA allotment letter to the institutional registry within 72 hours of its issuance to qualify.

SECTION 5: STATUTORY LEGISLATION AGAINST CERTIFICATE RETENTION

The institution follows strict legal guidelines regarding student documentation:

UGC & High Court Statutory Mandate: The institution is legally prohibited from retaining a student's original academic certificates (10th Standard Marks Card, 12th Standard / PU Board Certificate, Transfer Certificate, or Migration records) as security to force the payment of disputed fees.

Staff are required to physically verify original documents in the student's presence during admission and return them immediately. Self-attested copies are kept for institutional records.

- **Legal Recourse:** If a student leaves the college mid-course, the institution cannot withhold their academic certificates. The college retains the right to recover any legally owed fees through standard civil recovery channels, but cannot restrict student mobility by withholding credentials.

SECTION 6: BANKING ERRONEOUS TRANSFERS & DISBURSEMENT MECHANISMS

- **Authorized Mode of Refund:** All approved refund payouts are processed electronically via NEFT, RTGS, or IMPS. Payments are made directly to the verified bank account of the student or their registered parent/guardian, as provided during admission. The college will not issue cash or third-party cheque refunds under any circumstances.
- **Processing Timeline:** Once a student submits a formal cancellation application along with their original fee receipts and an institutional No-Dues Certificate (NOC), the finance cell must verify the file and transfer the eligible refund amount within **15 working days**.
